Dry Agents Seize Another Truck As Judge Suppresses Evidence

Ledger 5/17/29

Aroma From Barrels Lead Federal Men to Halt Big Motor Van

While Federal Judge Fake yesterday was granting a motion for suppression of evidence in the illegal seizure of a beer truck, Federal agents, suspecting that beer laden zephyrs in the vicinity of 13th avenue and Norfolk street were emanating from a certain truck, halted the machine and found it laden with ten half-barrels of alleged beer. Two men on the truck were arrested for transportation and possession.

The motion before Judge Fake was made by A. Avidan on behalf of Edward Lowe, colored, of Newark, driver of a truck which was halted and searched by Federal agents on Mulberry street, near Bridge, in November, 1928. Federal Judge Bodine had restored the seized truck, on the grounds the seizure and search had been illegal. Mr. Avidan asked that the evidence procured also should be suppressed. The agents testified their suspicions of the machine had been aroused by a car that convoyed it, but Judge Fake held they had insufficient grounds for believing the machine was engaged in other than legitimate business.

In the truck seized yesterday, Patrick Connors, of 38 Pierce street, Newark, and Frank Trianor, of 7 Kingsland avenue, Harrison, were arrested and arraigned before U. S. Commissioner Friedmann, who set their bond at $1,000.

Two men were arrested yesterday in Hoboken and arraigned there before U. S. Commissioner Stanton, for their connection with three trucks loaded with 255 barrels of alleged beer, seized Wednesday at 413 Newark street, Hoboken.

Three Jersey City men were arrested at 978 Garfield avenue, Jersey City, when agents seized a 25-gallon copper still, and some 75 gallons of alleged liquor of various kinds. The trio were William Bogus and Steve Checo, of that address, and Henry Kerner, of 163 Fulton avenue. They were arraigned before Commissioner Stanton.
